

**PEAK**  
GIFTED AND TALENTED PROGRAM

**WORLD  
TOUR**

## Dear Parents, Teachers, and PEAKers,

Last week at PEAK, students worked together continuing to gather information about their chosen destinations. Each student has selected at least two areas for their research. These researched areas will be incorporated into their final poster presentations. Students also began selecting images and pictures to include in their projects. They are doing a great job!

This coming week will be a busy one! Students will be making their final team decisions on what information and pictures will go onto their poster presentations and then start building their final projects. Teammates will have to collaborate to make a complete, cohesive presentation. Student teams were responsible for citing all fact and image sources as they completed their research. They will be working on putting together a complete bibliography. This week we will also be designing and mailing a postcard! Students will choose something they found interesting in their research and portray it on their postcards, along with a few interesting facts. They will address and mail their postcards to a family member. Parents, we may need your help with addressing and mailing these. Thanks so much! A busy and productive week indeed!

### **This Week's Activities: October 26<sup>th</sup> - 30<sup>th</sup>**

#### **Research**

**Finalizing Our Information:** Students will decide what information to include on their poster presentations, as well as which images best describe each area pertaining to their chosen country. Students will also work on completing their bibliographies for this project.

#### **Creativity**

**Wish You Were Here!** A travel destination would not be complete without a postcard! Students will use their creativity by designing a postcard, including some of the facts they learned about their chosen destination.

#### **Product Development**

**The Final Project:** Student teams will begin building their final poster presentations. They will work together to create one final project. They will also write their scripts together which will certainly get everyone excited about visiting their destination!

## **The End of the Road is Near!**

**Ms. B**
